“Chiara was nothing short of spectacular. Her ability to facilitate discussion truly helped me learn more about the subject material.”

“Great teacher”

“I can't say enough great things about Chiara. The section lessons were well-constructed and thoughtful. Chiara came prepared with a deep understanding of the material and facilitated rich and substantive discussions. She was open to everyone’s perspective, but also challenged us to think critically about the material. Outside of class, she was available during office hours and made more times available around essay deadlines. She is also just a really nice/fun person, and having her as section leader made this class more enjoyable.”

“Chiara's section was wonderful! Chiara is very enthusiastic and one can tell that she put a lot of effort into section. She was very approachable and very willing to answer questions. She was open to feedback from the students. Chiara helped to encourage an environment that was conducive to participation and the sharing of ideas, and we all were able to learn from one another.”

“Although it was sometimes like pulling teeth to get anyone in section to participate, Chiara stuck was determined to teach us, and hear our thoughts, and we are much better for it.”

“Really wonderful, helpful, and knowledgeable. Sections are very informative and she encourages participation.”

“She's great! Really wants everyone to understand the material and always available if you have questions.”

“Awesome! So easily approachable and promoted great discussions!”

“These sections taught me the material. She got all of us to present some of the week's material, which was essential for absorbing the material and preparing for essays. She got us very involved in the sections, and I give her full credit for our having absorbed any of the material at all.”

“Chiara is super nice and does a great job generating enthusiasm about such a dry topic. Section could sometimes be all over the place in terms of discussion, and there could have been a bit more creativity in terms of section plans (more group stuff), but overall, section was the strongest component of this course.”

“Chiara facilitates interesting discussions that involve each member of the section and remains extremely accessible outside of class, especially before papers are due.”
“Chiara brings great examples and discussions to section and was such a big help this semester!”

“Chiara is the best! She's so enthusiastic and friendly and really runs a great section.”

“Chiara is a fabulous section leader. She is incredibly knowledgeable about the material and does a great job facilitating discussion and helping with overall comprehension of the material. She is very accessible and helpful whenever we have individual meetings.”

“Chiara is very approachable and helpful. She works hard to ensure that you understand the material and is willing to meet with you to help you with anything you need. However, she is a very tough grader!”

“The best part of this course was the section.”
