Teaching Fellow: Eve Louise Ewing

7.1.1. In what ways was the teaching fellow most effective? Why?

Eve was an incredible TF. She was unbelievably knowledgable about every topic discussed in class. I kept waiting for something to stump Eve but nothing did! She was available outside of class and responsive to emails. She worked incredibly well with Professor Weissbourd, they were an excellent team.

Eve has so much knowledge on the subjects discussed in class (both academically and from real-life experience). She shared a lot of information with us and was easily available to get in touch with after class if we needed further clarification. Her accessibility, honesty and approachable-ness made her easily the most helpful TF that I have had thus far.

She gave incredibly targeted feedback on presentations which really brought us from "good" to excellent.

Eve was SO kind, friendly, and helpful during the entire course. She gave invaluable feedback before our final presentations and was so accessible outside of class!!

Eve was extremely accessible, added very thoughtful and helpful comments to the class discussion from her extensive experience in the field, and also gave very helpful and concrete feedback on projects.

Eve was extremely supportive and so knowledgeable

-excellent job sharing personal experiences from the class and from her work that were relevant to the subject matter and our projects

Like Rick, Eve made herself very accessible to students, and was more than willing to meet with us, listen to us practice our presentations, and give us feedback. I also found her feedback very concrete and helpful.

Eve really knows her stuff, and provided a lot of insight and great feedback throughout the course.

Eve is both extremely talented and down to earth. This made her an ideal role model for students.
7.1.2. **What recommendations would you make to the teaching fellow to strengthen his or her teaching and/or make the course more valuable?**

None!

N/A

Eve is awesome!

None.

You rock!!! Best TF I've had all year!

I would not make any recommendations, besides the one I already mentioned in helping stimulate more discussion between groups prior to finalizing the intervention assignments.

none!

-I appreciated when she pushed us on our comments and I would have liked more of that.

I would have loved to see Eve demonstrate a presentation. I have the feeling that it would be awesome.

None.
