| Standard Deviation |  |  | 0.83 |

7. Returns assignments in a timely fashion

## Section Leader Comments

## Please comment on your Section Leader's teaching.

## Comments

Ambra was a great section leader. Her sections were quite helpful and she was very accessible. The sections did go quite quickly through a lot of material often times which was pretty stressful for students with no prior Stata experience. The sections could have also been more interactive rather than simply walking through a do-file. (E.g WHY do we need to type in all these different commands to get the output that we want?). Overall though, really enjoyed the sections.

Awesome section leader!
very good at communication about course material
Ambra has room to improve in her teaching skills especially in regards to stata. At times in section and in office hours she would try to teach me some aspect of the coding language but I couldn't follow her directions.

Great.
Really good! Gave effective sections.
Ambra is a thoughtful and very capable section leader. Her knowledge of STATA processing is inspiring. She was an A+ TF.
Ambra was amazing! Very helpful and so knowledgeable about the material. She always generated enthusiasm and taught sections effectively
Knowledgable and accessible
I think Ambra just needs some more experience teaching :) Her lectures on introductory Stata were extremely hard to follow and not very well calibrated to the beginners she was teaching, but I think she has a lot of potential to improve, and I really liked her! She just needs some feedback and more practice.

Ambra was such a great teacher. She is intelligent, sweet, and worked hard to make this class a success. She reached out when students struggled and taught the class so anyone could understand the material.

Ambra was a great resource and SUPER helpful!
