Nationwide Survey of RCCs – Last Plug!

Goals of this study:

• To gain insight into the types of recovery community centers (RCCs) that exist, and the communities which they serve

• To gain feedback from RCC leadership about potential outcome measures that could be used to capture the positive impact RCCs make on the individuals and communities they serve

If your RCC has not received a link to this survey, please email us at recoveryseminars@mgh.harvard.edu or call us at (617) 724-7932 and we will send you a link.

RCC Live Feature

We are featuring a different RCC at the start of each of our seminars in order to allow all participants to learn first-hand about RCCs.
