Final Policy Memo
Final Policy Memo

- Several COVID-19 vaccines now available under Emergency Use Authorization

- Your policy memo, addressed to your local US Senator/Congressperson, will explain why a certain entity (in the US) should (or should not) be allowed to require vaccination as a condition to access (i.e., to deny access to unvaccinated persons)

- Focus on the ethical/scientific/policy rationale for or against, not the legality

- Use data, statistics, and persuasive language throughout

- Formatting and readability are KEY
