**Question 3**

I claim:

1. A wearable means of storage comprising a plurality of evenly distributed pockets or pouches.
2. The wearable means of storage of claim 1, wherein the pockets or pouches number approximately 168 in quantity.
3. The wearable means of storage of claim 1, wherein the pockets or pouches number between 167 and 169 in quantity.
4. A garment, including a jacket, coat, or other form of long-sleeved outerwear, comprising a plurality of evenly distributed pockets, pouches, or similar integral means of storage about the external surfaces of said garment.
5. The garment of claim 4, wherein the pockets, pouches, or similar integral means of storage number approximately 168 in quantity.
6. The garment of claim 4, wherein the pockets, pouches, or similar integral means of storage number between 167 and 169 in quantity.
7. The garment of claim 4, wherein the pockets, pouches, or similar integral means of storage fully encompass the front, back, and sleeves of said garment.
8. The garment of claim 4, wherein each pocket, pouch, or similar integral means of storage consists essentially of a container element and a covering flap, with no visible fastener.
9. The garment of claim 4, wherein said garment is tailored to fit a male frame.
10. The garment of claim 4, wherein said garment further comprises an adjustable drawstring about its waistline.
11. The garment of claim 4, wherein said garment further comprises a vertical opening about its centerline, said opening being sealable via a plurality of integral fasteners.
12. The garment of claim 11, wherein the fasteners consist of approximately six evenly spaced metal buttons.
13. The garment of claim 4, wherein the sleeves of said garment further comprise a plurality of integral fasteners about their wrists.
14. The garment of claim 13, wherein the fasteners consist of approximately three metal buttons spaced about the rear diameter of each wrist.
15. The garment of claim 4, wherein the external surfaces of said garment are comprised of a high-visibility reflective material.
16. The garment of claim 15, wherein the material further exhibits a bright color, including but not restricted to red.
17. The garment of claim 4, wherein the external surfaces of said garment are comprised of a water-resistant material, including but not restricted to polyester.
18. The garment of claim 4, wherein said garment further comprises an internal label of identifying information, said information including but not restricted to the garment’s size, designer, country of origin, and certificate of authenticity.
19. The garment of claim 4, wherein said garment further comprises an internal layer of down, fleece, wool, or other insulating material.
