
Please bring your text to class each day.

Laptops: It is a coursewide policy that laptops, cell phones, etc. may NOT be used during class.

Course Website: [http://www.math.lsa.umich.edu/courses/216/](http://www.math.lsa.umich.edu/courses/216/)

This site has important information including the schedule, practice problems and written homework. It will be updated with other information (e.g. exam rooms) as the semester progresses.

**Uniform Exams:**
- First Exam (20% of the final grade): Monday, February 8 8:00 - 10:00 pm
- Second Exam (22% of the final grade): Monday, March 21 8:00 - 10:00 pm
- Final Exam (30% of the final grade): Thursday, April 21 8:00 - 10:00 am

Exam times are *not* Michigan time, and the dates for the exams are absolutely firm. Make plans now to be certain these dates are in your calendar. Generally, only students with a regularly scheduled class are accommodated at an alternate time. Anyone with a regularly scheduled class during these times should let me know immediately. Note that travel is *not* a sufficient excuse to have an exam scheduled on a different day. Missing an exam with an unapproved or undocumented excuse will result in a grade penalty in the course.

Cheating: Do not cheat. If you cheat on a homework, lab writeup or exam, you risk failing the course.

**Lab and Recitation session:** Run by the GSI. On each Thursday starting from week 2. More information will be sent out by the course coordinator.

**Assignments:**
- Web Homework (10% of the final grade): online
- Written Homework (10% of the final grade): graded by GSI
- Lab Writeup (8% of the final grade): graded by GSI
- Pre-lab assignment: due before each lab session
- Practice problems: on course website
- Reading assignment: prepare for the next class

Grading Policy: The 3 exams will be graded uniformly by the GSI and the instructor. The final letter grade will be curved based on the performance within the section.

**Attendance and i>clicker** i>clicker will be used for in-class questions and record for attendance starting from week 2. At the end of the semester, students with 85% or higher participation on iclicker questions will be rewarded with an extra 2 points on final grades. Please register your i>clicker device on Canvas and set the frequency of your device to AA. Remote i>clicker is not allowed in the class. More information on i>clicker can be found on [http://computershowcase.umich.edu/remotes/](http://computershowcase.umich.edu/remotes/)

Math Lab: Free tutoring from the Mathematics Department in East Hall B860.

Hours: Monday - Friday 11:00 am – 4:00 pm and Sunday - Thursday 7:00 pm – 10:00 pm

**Accommodations for Students with Disabilities:** If you think you need an accommodation for a disability, please let me know as soon as possible. In particular, a Verified Individualized Services and Accommodations (VISA) form must be provided to me at least two weeks prior to the need for a test/quiz accommodation. The Services for Students with Disabilities (SSD) Office (G664 Haven Hall; http://ssd.umich.edu/) issues VISA forms.
