Which apple did you like the best?

1. Jaiden
2. Victoria
3. Nahira
4. Arely
5. Anahi
6. Julian
7. Jose
8. Giovanni
9. Eliazar

1. Jimena
2. Paige
3. Alan

1. Gurkirat
2. Alex
3. Steve
4. Isabela
5. Andrea
6. Neha
7. Kristian
8. Ms. Alma
9. Ms. Maria

leaf

candy apples

skin

applesauce

flesh

apple picking

core

seeds

My favorite kind of apple is...

The most: green
The least: yellow

Our Favorite Apples

Directions: Make a graph by dragging the apples:

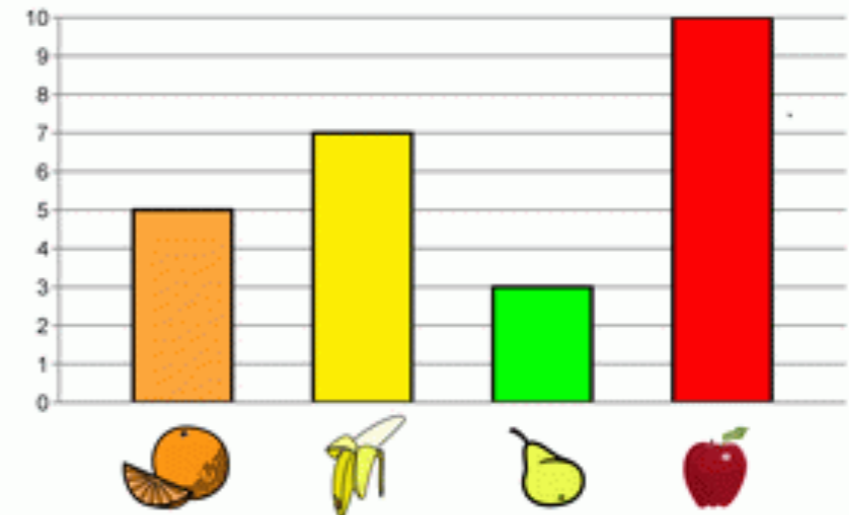

Reading Bar Charts

Kindergarten Graphing Worksheet

Read the bar graph and answer the questions.

Kid's Favourite Fruits

How many kids liked

 Apples ____?

 Oranges ____?

 Bananas ____?

 Pears ____?

Temperatures before and after Hansen's Senate testimony

Temperature anomaly (°F), 1901-2000 baseline

1959–1988

Spin me

1988–2017

Data: [NASA's Goddard Institute for Space Studies](#); Graphic: Harry Stevens/Axios

TEN QUESTIONS TO ASK WHEN CREATING A VISUALIZATION

The 10 Questions

1. **Who** | Who is your audience? How expert will they be about the subject and/or display conventions?
2. **Explore-Explain** | Is your goal to explore, document, or explain your data or ideas, or a combination of these?
3. **Categories** | Do you want to show or explore pre-existing, known, human-interpretable, categories?
4. **Patterns** | Do you want to identify new, previously unknown or undefined patterns?
5. **Predictions & Uncertainty** | Are you making a comparison between data and/or predictions? Is representing uncertainty a concern?
6. **Dimensions** | What is the intrinsic number of dimensions (not necessarily spatial) in your data, and how many do you want to show at once?
7. **Abstraction & Accuracy** | Do you need to show all the data, or is summary or abstraction OK?
8. **Context & Scale** | Can you, and do you want to, put the data into a standard frame of reference, coordinate system, or show scale(s)?
9. **Metadata** | Do you need to display or link to non-quantitative metadata? (including captions, labels, etc.)
10. **Display Modes** | What display modes might be used in experiencing your display?
