Omar makes the students participate actively, and he is very amiable and approachable. The amount of work for sections was just right: two short questions that had to be submitted in advance each week, and three 2-page response papers throughout the semester. Fantastic feedback on response papers and final paper drafts! My only criticism is that Omar could have replied to e-mail more quickly.

Omar was an incredible section leader. Not only did he do a wonderful job of including everyone, but he made the sections interesting as he encouraged us to apply our own opinions and experiences to the material covered in the class.

Omar did a good job of including every person in every section. He was very knowledgeable about the material and was careful not to influence anyone's ideas with his own political beliefs. He facilitated discussion very well.
